

EDITS 2010
Emergency Response: Changing Expectations
Eastern Montgomery County Emergency Management Group

January 15, 2010

Dear Sir / Madam,

On Tuesday and Wednesday, April 20th and 21st, the Eastern Montgomery County Regional Emergency Management Group will be hosting its bi-annual Emergency Disaster Incident Training Symposium (EDITS). This year's symposium will be held at the ACE Conference Center, Ridge Pike, Lafayette Hill, PA.

EDITS 2010 is a unique and exceptional training opportunity specifically designed to provide valuable information to emergency managers and first responders of all disciplines; police, fire, EMS, haz-mat technicians, hospitals, and care / shelter providers. Emergency Management Coordinators, incident commanders and first responders will hear first hand from a variety of knowledgeable speakers who have experienced major incidents of various types in recent times. Please visit our web site at www.emema.org for the symposium's latest agenda and topics of discussion.

As in previous years, there will be limited space available for vendor and merchant displays. These vendor spaces will be made available on a first come – first served basis. Please refer to the enclosed promotional opportunities paperwork outlining various levels of sponsorship participation. This will provide a medium for vendors to showcase new and innovative products and services that are available to today's emergency first responders. We anticipate enough space to adequately allow for approximately 12 to 15 tables for vendor displays.

If you would like to reserve a space for your business or require additional information, please contact Deb Ritter, Conference Manager, at (215) 643-1600 x3218 or complete and mail the enclosed form.

Sincerely,

The EDITS 2010 Committee

EDITS 2010
Emergency Response: Changing Expectations

PROMOTIONAL OPPORTUNITIES

EDITS 2010

Tuesday and Wednesday

April 20 and 21, 2010

ACE Conference Center, Lafayette Hill, PA

Lectures, Exhibits, Demonstrations

The Emergency Disaster Incident Training Symposium (EDITS 2010) is intended to provide advanced educational experience for command level police, fire, EMS, and emergency management officials from across the Delaware Valley Region.

The Eastern Montgomery County Regional Emergency Management Group, partners in planning, response and recovery, is proud to host this event. The group consists of Emergency Management officials from communities in Eastern Montgomery County and meets informally every two months to discuss common emergency management issues. While the communities represented account for only 2% of the land area and 6% of the municipalities in Montgomery County, over 250,000 people or 33% of the county's population reside within these jurisdictions.
