

EDITS 2017

Learning from the Past, Preparing for the Future
Eastern Montgomery County Emergency Management Group

Dear Sir / Madam,

On Tuesday and Wednesday, May 2nd and 3rd, the Eastern Montgomery County Regional Emergency Management Group will be hosting its bi-annual Emergency Disaster Incident Training Symposium (EDITS). This year's symposium will be held at Normandy Farm on State Route 202 in Blue Bell, PA.

In addition, on Monday May 1st EDITS will be hosting an Evening for Volunteers sponsored by the Montgomery County Consortium of Municipalities. This event is for volunteer firefighters and EMS personnel from Montgomery County.

EDITS 2017 is a unique and exceptional training opportunity, specifically designed to provide valuable information to emergency managers and first responders of all disciplines; police, fire, EMS, haz-mat technicians, hospitals, and care / shelter providers. Attendees will hear from a variety of national keynote speakers who have varied experience in current emergency management topics. Please visit our website at www.emema.org for additional information relating to 2017 EDITS.

As in previous years, there will be space available for vendor and merchant displays. These vendor spaces will be made available on a first come, first served basis. Please refer to the enclosed promotional opportunities paperwork outlining various levels of sponsorship participation. This will provide a medium for vendors to showcase new and innovative products and services that are available for today's emergency responders. Additional details pertaining to set up times and space will be provided closer to the event.

If you would like to reserve a space for your organization please complete and mail the enclosed form with payment. Should you wish to acquire additional information, please contact Mark Drakeley, at (215) 510-7737 or mdrakeley@uppermoreland.org

Sincerely,

The EDITS 2017 Committee

**EDITS 2017 Presents:
Learning from the Past, Preparing for the Future**

Lectures, Exhibits, Demonstrations

The Emergency Disaster Incident Training Symposium (EDITS 2017) is intended to provide advanced educational experience for command level police, fire, EMS, and emergency management officials from across the Delaware Valley Region.

The Eastern Montgomery County Emergency Management Group, partners in planning, response and recovery, is proud to host this event. The group consists of Emergency Management officials from communities in Eastern Montgomery County and meets informally every two months to discuss common emergency management issues. While the communities represented account for only 2% of the land area and 6% of the municipalities in Montgomery County, over 250,000 people or 33% of the county's population reside within these jurisdictions.
